THE LACK OF WIND CAUSES THE SUSPENSION OF THE SECOND DAY OF THE EUROPEAN CHAMPIONSHIP OF THE EUROPE CLASS

Diputació de Girona

The regatta sailors will attend the "official barbecue" at 20.00.

L'Escala, 4th July 2007. The lack of wind in the regatta area of the European Championship of the Europe Class meant that today, the second day of the championship was suspended.

According to the regatta committee "lack of weather conditions in the regatta area, a practically non-existent wind, an interval of small storms, an overcast sky and a lack of ingredients for a wind to appear" were the cause of the suspension of the test.

For tomorrow, the plans continue as envisaged. Two races, although if the conditions are favourable, we do not rule out having three races.

All the information about the European Championship of the Europe Class can be found at the website:
